CITY OF CHICAGO
OFFICE OF INSPECTOR GENERAL

REVIEW OF THE CHICAGO POLICE DEPARTMENT’S MANAGEMENT OF SCHOOL RESOURCE OFFICERS

REPORT OF THE PUBLIC SAFETY SECTION OF THE OFFICE OF INSPECTOR GENERAL

The Public Safety Section (PS) of the City of Chicago Office of Inspector General (OIG) has concluded a review of the Chicago Police Department’s (CPD or the Department) management of School Resource Officers (SRO) assigned to Chicago Public Schools (CPS). OIG has concluded that CPD’s recruitment, selection, placement, training, specification of roles and responsibilities, and evaluations of its SROs are not sufficient to ensure officers working in schools can successfully execute their specialized duties.

OIG reviewed CPD’s recruitment, selection, placement, training, specification of roles and responsibilities, and evaluation of its SROs assigned to CPS. OIG determined that, since December 31, 2016, CPD has assigned officers to CPS without a current legal agreement between the two agencies. Neither CPD nor CPS is able to provide an up-to-date list of SROs and the school locations to which these officers are assigned. Rather, CPD provided a list last updated in March 2017, while CPS provided a list current through 2014.

CPD currently lacks Department directives to address SRO-specific recruitment, selection, placement, training, or evaluation. Moreover, CPD’s current processes for recruiting, selecting, placing, training, specifying roles and responsibilities, and evaluating SROs do not reflect best practices—as none have been adopted by CPD. Yet best practice standards exist. For example, in 2017, the U.S. Department of Justice and U.S. Department of Education released a set of resources entitled the SECURE Local Implementation Rubric and SECURE State and Local Policy Rubrics—to help both local education agencies and law enforcement agencies develop SRO programs that foster school safety without violating students’ civil rights or unnecessarily involving students in the criminal justice system. CPD’s current lack of guidance and structure for SROs amplifies community concerns and underscores the high probability that students are unnecessarily becoming involved in the criminal justice system, despite the availability of alternate solutions.

For the benefit of CPS students, their families, and the Chicago community at large, within this report, OIG provides CPD with recommendations for the Department to establish an SRO program aligned with national best practices. To that end, OIG recommends that CPD,

- draft and implement a Memorandum of Understanding (MOU) in collaboration with CPS and community stakeholders that, amongst other areas, states:
• the purpose of the SRO partnership;
• outlines the roles and responsibilities of CPD, CPS, and principals in schools; and
• emphasizes that SROs should not be involved in routine student disciplinary matters;

• collaborate with CPS, students, families and the community to establish hiring guidelines for SROs;
• establish and require initial and ongoing training for officers assigned as SROs;
• establish performance evaluations aligned with established SRO roles and training that measures the ability of SROs to de-escalate situations and use alternatives to student arrest;
• designate a program coordinator to enhance coordination and accountability; and
• maintain and regularly update rosters of officers assigned to CPS.

Due to the high level of significance this issue holds within the community and in order to bring much sought-after clarity and resolution to this topic, OIG requested a prompt response from CPD detailing: (1) the Department’s response to the findings; and (2) its intended actions to remedy this current state of affairs. OIG encouraged CPD and CPS to resolve these issues prior to the start of the 2018-2019 school year, so that CPS students could benefit from a functional SRO program rooted in national best practices as soon as possible. CPD, in turn, requested a 30-day extension for its response to this report. As a result, OIG received CPD’s response on September 4, 2018 — the first day of school for the current school year.¹

In their response, CPD concurred with many of the findings and recommendations detailed in the report. CPD’s response indicated that the Department will:

• Undertake best efforts to enter into an MOU with CPS that clearly delineates authority and specifies procedures for CPD officer interaction with students while on school grounds;
• Develop a policy that defines roles, responsibilities, and appropriate actions of SROs, which will include an express prohibition on the administration of school discipline by CPD officers and provisions for the collection, analysis, and use of data regarding CPD activities in schools;
• Develop and implement screening criteria to ensure SROs have the qualifications, skills, and abilities necessary to work safely and effectively with students, parents/guardians, and school personnel; and

¹ See Appendix F.
• Ensure that all SROs receive initial specialized training and annual refresher trainings, and encourage SROs to exercise discretion to use alternatives to arrest and referral to juvenile court.

OIG acknowledges CPD’s expressed commitment to making these necessary reforms. However, the reforms proposed by CPD in their response did not address other crucial areas of concern outlined in the report. Specifically, CPD did not acknowledge or respond to the following recommendations outlined in the report:

• To include a broad range of community stakeholders in the creation of the MOU;
• To create hiring guidelines and include a broad range of community stakeholders in the process;
• To state the purpose of the SRO partnership with CPS in the MOU;
• To define the data and information that will be shared between CPD and CPS;
• To establish performance evaluations for SROs; and
• To maintain and regularly update rosters of SROs.

Last, CPD indicated that their proposed changes will be implemented as part of the consent decree before the start of the 2019-2020 school year. CPD’s failure to act more expeditiously to implement the reforms prior to the next school year leaves students, teachers, parents, and community stakeholders in the current school year without the protections and assurances of a school safety program that is aligned with national best practices.

We thank CPD management and staff, especially the Bureau of Patrol, along with CPS personnel for their cooperation with this review.

Respectfully,

Joseph Lipari

I. INTRODUCTION

The Public Safety Section (PS) of the City of Chicago Office of Inspector General (OIG) has concluded a review of the Chicago Police Department’s (CPD) management of School Resource Officers (SRO). OIG found that CPD currently assigns SROs to Chicago Public Schools (CPS) absent any identifiable program or programmatic support at the Department level. Since December 31, 2016, CPD has assigned SROs to CPS without a current legal agreement between the two agencies. Moreover, CPD currently has no General or Special Orders, or policies or procedures that guide recruitment, selection, placement, training, roles and responsibilities, or performance evaluation for CPD officers that are assigned as SROs.\(^2\) CPD’s current processes for recruiting, selecting, placing, training, determining roles and responsibilities, and evaluating the performance of SROs do not reflect national best practices. OIG’s examination also revealed that the level of collaboration necessary to achieve national best practices and goals does not currently exist between CPD and CPS. As a result, CPD cannot presently ensure that the officers working in CPS have either the programmatic support and/or the skills necessary to successfully execute their specialized duties. OIG therefore recommends that CPD, in collaboration with CPS, develop and implement a Memorandum of Understanding (MOU) that establishes a comprehensive SRO program that includes guidelines for SROs’ recruitment, selection, placement, training, roles and responsibilities, and evaluation.

II. BACKGROUND

Across the country, sworn local law enforcement personnel are assigned to public school districts as SROs to help ensure school safety and security. Nationally, SRO programs generally are established as “collaborative efforts by police agencies, law enforcement officers, educators, students, parents, and communities” with the ultimate goal of “provid[ing] safe learning environments . . . foster[ing] positive relationship with our nation’s youth, and develop[ing] strategies to resolve problems affecting our youth with the objective of protecting every child so they can reach their fullest potential.”\(^3\) As a result, law enforcement officers assigned to work in public schools may be expected to fill a number of roles.\(^4\) According to the National Association of School Resource Officers, an SRO serves as an “educator, informal counselor, and law

\(^2\) See Appendices A and C. The Department does have a General Order regarding investigations in schools that provides guidance for Department members interviewing, interrogating, or taking students into custody. However, it does not address SRO recruitment, selection, placement, training, roles and responsibilities, or evaluation. City of Chicago, “General Order G04-01-02: Investigations-Chicago Public Schools,” accessed July 13, 2018, http://directives.chicagopolice.org/directives/data/a7a57b9b-15f92c9d-af615-f92cd8eb6458bccad279.pdf?hl=true.

enforcer.” The Department of Justice (DOJ) and the Department of Education (ED) suggest that school districts, local law enforcement agencies, students, families, and community advocates work collaboratively to determine the specific role and responsibilities of SROs in their schools.

A. NATIONAL BEST PRACTICES FOR SCHOOL RESOURCE OFFICER PROGRAMS

To assist schools interested in developing and maintaining “appropriate” and “effective” SRO programs, DOJ and ED released the 2017 SECURe Local Implementation Rubric and SECURe State and Local Policy Rubric (The National Rubrics). According to ED, when school districts and police departments work in partnership to develop programs using these guidelines, SROs are better prepared to foster school safety without violating students’ civil rights or unnecessarily involving students in the criminal justice system. The National Rubrics counsel that such school district/police department partnerships,

- be grounded in an intergovernmental MOU that, among other things, outlines SROs’ roles and responsibilities, while explicitly stating that SROs should never intervene in routine student disciplinary matters;
- involve collaboration with community stakeholders on hiring guidelines that focus on officers’ qualifications for working with young people in a school environment;
- establish policies for school-specific training for officers before they begin working as SROs and that they have regular refresher trainings;

• continually evaluate SROs in a manner that incorporates feedback from school staff, school administrators, students, and families; and

• develop performance measures to track SROs’ effective use of alternatives to citations, tickets, and arrests.

B. CPD OFFICERS IN CHICAGO PUBLIC SCHOOLS

CPD has been assigning sworn officers as SROs in select CPS schools for decades. Until 2006, CPD’s SRO program was managed through a dedicated, Department-level School Patrol Unit. In 2006, CPD disbanded the School Patrol Unit, delegating responsibility for SROs to each district from which SROs are assigned to individual schools. According to CPD, this allows school sergeants and district commanders to more effectively supervise the SROs in their districts and to better address each school’s unique needs. According to CPS, 74 schools had officers assigned as SROs during the 2017-2018 school year. Those 74 schools with assigned SROs are encompassed within 21 of the 22 police districts (all but Police District 14).

15 See Appendix D for the complete list of 74 schools provided by CPS.
CPD identified SROs’ primary responsibilities as: ensuring the safety of students in schools; preventing interruptions to the school day; maintaining order; and preventing trespassing on school property. Over time, CPS has narrowed the number of situations in which school staff should involve SROs or other CPD officers. According to the CPS Student Code of Conduct, school administrators should contact CPD only in the event of criminal activity or an emergency. The Student Code of Conduct outlines what definitely constitutes criminal conduct and what may constitute criminal conduct. It also includes a list of factors school staff and administrators should consider before involving CPD in any student matter. Those factors include the student’s age, whether the student’s actions resulted in physical injury or endangered others, the seriousness of the criminal violation, and the harm caused by the

student’s actions.\textsuperscript{19} School officials must notify CPD whenever students are found with illegal drugs, narcotics, controlled substances, “look-alikes” of controlled substances, or firearms.\textsuperscript{20}

According to CPS, teachers should never directly contact the school’s SRO to intervene in a non-criminal matter. Instead, teachers should refer issues with students to school principals or administrators. Even in emergencies, teachers should call 911 rather than the school’s SRO. In interviews with OIG, CPD stated that they try to respect CPS’ request to use methods other than arresting students. However, according to CPD, once SROs become involved, they may have no choice but to arrest students depending on the circumstances of the incident.

III. CPD DOES NOT HAVE A CURRENT INTERGOVERNMENTAL AGREEMENT WITH CPS THAT GOVERNS THE RECRUITMENT, SELECTION, PLACEMENT, TRAINING, ROLES AND RESPONSIBILITIES, AND EVALUATION OF SROS

A. THE SRO PROGRAM HAS OPERATED WITHOUT A CPD-CPS INTERGOVERNMENTAL AGREEMENT SINCE JANUARY 1, 2017

According to DOJ and ED, a detailed MOU is essential to building and maintaining “appropriate” and “responsible” partnerships between schools and law enforcement agencies. At a minimum, the terms of the MOU should:

“... Meet constitutional and statutory and civil rights requirements including Federal, State, and local prohibitions on discrimination on the basis of race, color, national origin, language status, religion, sex, sexual orientation, and disability; on the use of excessive force; and on improper searches, seizures, or interrogations.”

However, CPD and CPS have no current MOU or legal agreement that would meet this national best practice and standard. CPS and CPD’s most recent agreement, which was a renewal of their initial Intergovernmental Agreement (IGA) from 2013, expired on December 31, 2016. OIG spoke with both CPD and CPS on separate occasions, at which time representatives from both agencies confirmed that the only document that exists is the expired legal agreement from 2016. For more than an entire school year, CPS and CPD have operated without a current formal agreement that defines the roles and expectations of SROs functioning in schools.

Even while in effect, the since-expired IGA provided limited guidance relating to SRO recruitment, selection, placement, training, roles and responsibilities, and performance evaluations. For example, the only qualifications for becoming an SRO under the expired IGA included a working knowledge of CPS’ Student Code of Conduct and completing standard police

---

officer training. The IGA did not address how a prospective SRO’s working knowledge of the CPS Student Code of Conduct would be confirmed or when and how SROs should respond to violations of the Student Code of Conduct. The IGA also did not require any specialized training on working with youth in an educational setting.

In interviews with OIG, CPS stated that it is currently working with CPD, student groups, and advocacy groups to draft an MOU. According to CPS, the MOU will provide a detailed description of SRO roles and responsibilities, include guidelines for referring students to counselors, and outline protocols for taking students out of schools. CPS needs the Chicago Teachers Union and Fraternal Order of Police to approve the MOU before it can be implemented. CPS could not provide OIG with specific dates as to when a new MOU would be completed, considered effective, or implemented, but stated that it aims to put one into operation by the start of the new school year. CPD made no mention of this MOU or of working with CPS on its production.

B. CPD LACKS FORMAL SRO RECRUITMENT, SELECTION, AND PLACEMENT PROCESSES AND STANDARDS

In order to select officers for SRO positions, school districts and law enforcement agencies should collaborate on quality recruiting and hiring processes. The SECURE Local Implementation Rubric recommends that school districts and law enforcement agencies work together to create hiring guidelines that focus on officers’ qualifications for working with young people in a school environment. A wide range of stakeholders including school staff, students, parents, families, community members, and youth development experts should then interview qualified candidates.

CPD does not currently have any formal recruitment, selection, or placement processes for SRO positions. Instead, school sergeants and district commanders individually assign officers to SRO positions based on their assessments of each officer’s temperament and skill set. Individual district commanders may decide to interview officers for SRO positions, but the Department does not require that candidates participate in an interview process for the positions.

C. TRAINING

In order to prepare officers to work with students in schools, the National Rubrics recommend that law enforcement agencies and school districts establish policies requiring school-specific training for officers before they begin working as SROs, as well as regular refresher trainings.28

These trainings should emphasize alternatives to arresting students, as well as cover relevant topics such as:

- Constitutional and civil rights;
- Childhood and adolescent development;
- Age-appropriate response to student conduct;
- Disability and special education issues;
- Conflict resolution and de-escalation techniques;
- Bias-free policing;
- Responses to trauma;
- Restorative justice techniques; and
- Interacting with specific student groups such as those with limited English proficiency, or who are lesbian, gay, bisexual, or transgender (LGBT).29

CPD stated that most SROs receive active shooter training and crisis intervention training. In the past, CPD’s Juvenile Intervention and Support Center has provided sexual assault training for SROs. CPD stated that it would be open to providing more training for SROs in alignment with best practices.

CPS last conducted training for all SROs on its revised Student Code of Conduct in 2013 (Appendix B). The Student Code of Conduct outlines inappropriate student behavior, disciplinary responses, and CPS’ anti-bullying policy.30 While it defines the rights and responsibilities of

---

students, parents or guardians, school staff, and the chief executive officer, it does not provide any specific guidance for SROs or address their roles and responsibilities.\textsuperscript{31}

\section*{D. NO FORMAL WRITTEN GUIDANCE EXISTS SPECIFYING THE ROLES AND RESPONSIBILITIES OF SROs}

Neither CPD nor CPS has written roles or responsibilities for SROs. According to DOJ recommendations, MOUs should outline SROs’ roles and responsibilities, while explicitly stating that SROs should never intervene in routine student disciplinary matters.\textsuperscript{32} SROs’ responsibilities might include,

\begin{itemize}
  \item handling calls for service in and around schools;
  \item conducting comprehensive safety and security assessments;
  \item developing emergency management and incident response systems based on the national Incident Management System and the four phases of emergency management: mitigation/prevention, preparedness, response, and recovery;
  \item developing and implementing safety plans or strategies;
  \item integrating appropriate security equipment/technology solutions;
  \item responding to unauthorized persons on school property;
  \item serving as liaisons between the school and other police agencies, investigative units, or juvenile justice authorities when necessary and consistent with applicable civil rights laws and privacy laws;
  \item serving as a member of a multidisciplinary school team to refer students to professional services within both the school (guidance counselors or social workers) and the community (youth and family service organizations);
  \item developing and expanding crime prevention efforts for students; and
  \item developing and expanding community justice initiatives for students.\textsuperscript{33}
\end{itemize}

When asked for Department policies or procedures specific to SROs, CPD directed OIG to a General Order, last updated in 1988, governing officers’ investigations and investigative work products in CPS schools (Appendix A).\textsuperscript{34} This General Order only outlines the protocol for any

Department member interviewing, interrogating, or taking students into custody on or around school property.\textsuperscript{35} It provides no guidance specific to SROs or their responsibilities.\textsuperscript{36} Other than this directive, the Department stated that it only has informal policies and procedures that district commanders communicate to school sergeants through individual conversations and/or email communications.

E. THERE ARE PRESENTLY INSUFFICIENT CONTROLS, GUIDANCE, AND STANDARDS NECESSARY FOR EFFECTIVE PERFORMANCE EVALUATIONS OF SROs

DOJ and ED recommend that schools, school districts, and law enforcement agencies “. . . continually evaluate SROs and school personnel, and recognize good performance.”\textsuperscript{37} These evaluations should incorporate feedback from school staff, school administrators, students, and families.\textsuperscript{38} DOJ and ED also recommend developing performance measures to track SROs’ effective use of alternatives to citations, tickets, and arrests.\textsuperscript{39}

According to CPD, an SRO’s job performance is evaluated in the same way as all other Department members, leaving the possibility that the evaluation may not necessarily capture their unique roles and functions as SROs. CPD provided OIG with a directive governing Department members’ performance evaluations (Appendix C).\textsuperscript{40} This directive lists five “performance dimensions” used to evaluate all Department members’ performance:

- Accountability/Dependability\textsuperscript{41}

\textsuperscript{40} City of Chicago, Chicago Police Department, “Employee Resource E05-01: Performance Evaluations for all Sworn Department Members Below the Rank of Superintendent,” accessed July 13, 2018, \url{http://directives.chicagopolice.org/directives/data/a7a56e3d-12887ea9-ce512-887ec3dce7cd73e28d57.pdf?hl=true}.

- Problem Solving/Decision Making\textsuperscript{42}
- Adaptability/Responsiveness\textsuperscript{43}
- Communication\textsuperscript{44}
- Job Knowledge/Professional Development\textsuperscript{45}

None of these dimensions establish Department-wide performance measures specific to SROs’ roles, such as the use of alternatives to arresting students. Furthermore, SROs cannot be adequately evaluated on their Job Knowledge and Professional Development without policies, procedures, and training specific to their roles.

CPS stated that it does not conduct evaluations of SROs’ job performance, but that principals may provide feedback about their school SRO to school sergeants and district commanders. Neither CPS nor the Board of Education evaluates SROs or their performance.

IV. CPD DOES NOT MAINTAIN CURRENT ROSTERS OF OFFICERS WORKING AS SROs AND THE SCHOOLS TO WHICH THEY ARE ASSIGNED

In order to establish the number of officers currently assigned as SROs, OIG requested a roster of officers serving as SROs as of May 1, 2018 from CPD. According to CPD, the Bureau of Patrol maintains and updates this roster. In response, CPD provided OIG with a roster dated March 21, 2017, that included officers’ names, whether they were assigned to cars or schools, which schools they were assigned to, whether the officers had received crisis intervention training, and the name of their supervising school sergeant.

In an effort to cross reference the list acquired from CPD, OIG also requested a roster of CPD officers currently serving as SROs from CPS. CPS stated that CPD officers currently serve as SROs at 75 schools, and directed OIG to CPD for the list of those officers.

OIG’s Center for Technological Analysis (CITA) also attempted to verify the accuracy and completeness of the roster provided by CPD by comparing it to CPD’s administrative data housed within OIG and discovered a number of inconsistencies between the two sources which could not be reconciled. For example, according to CPD’s administrative records of officer assignments, not all of the officers listed on the roster had a school-related posting as of March 21, 2017. Of the 164 officers on the roster, 15 did not have a school-related posting; these included 3 officers listed as beat relief officers, 1 listed as a desk officer, and 1 listed as a tactical team officer. Of the 21 sergeants on the roster, 9 did not have a school-related posting as of March 21, 2017, and 1 had not held a school-related posting since June 10, 2015. Due to these inaccuracies, OIG determined that the roster could not be used for a point-of-time count of SROs or school sergeants.

In order to provide students, families, and community members with basic information about the number of CPD officers currently serving as SROs, CITA used CPD and City of Chicago administrative data to try and determine the number of CPD officers assigned to CPS schools as of May 16, 2018.

OIG found that as of May 16, 2018, 220 sworn CPD officers held school-related postings. More specifically, 132 officers were posted at schools, 75 officers were posted to school cars or mobile school cars, and 13 sergeants were posted as school sergeants. However, CPD’s administrative data also includes a number of internal inconsistencies between officers’ postings compared to their assignments and details. While SROs and school sergeants are assigned to schools in their districts, only 197 of these 220 officers with school-related postings were assigned to a CPD district. For example, 10 officers were assigned or detailed to the Education and Training Division.

46 An officer’s posting specifically indicates an individual officer’s duties.
47 SROs assigned to school cars are dedicated to a particular school, while SROs assigned to mobile schools cars patrol multiple schools. According to CPD, school sergeants supervise the SROs assigned to schools in their districts.
and 5 were assigned or detailed to the Human Resource Division. One SRO was assigned or detailed to the Marine Operations Unit. OIG could not resolve these inconsistencies.

The following figures contain officer demographics of age, race, and gender. The administrative data was extracted from the CPD database and the Chicago Integrated Personnel and Payroll Systems (CHIPPS). The CPD database provided current SRO officer assignments, and CHIPPS provided officer information including race, age, and gender. Due to the inconsistencies between CPD’s records of officers’ postings and assignments or details, OIG cannot confirm the accuracy of these summary statistics.

**FIGURE 2: CPD officer demographics by age**

![Figure 2: CPD officer demographics by age](image)

**FIGURE 3: CPD officer count and title demographics by gender and race**

![Figure 3: CPD officer count and title demographics by gender and race](image)

As the data shows:

- Women made up 34% of officers assigned to schools, compared to 22% of the force as a whole.
Men accounted for 66% of officers assigned to schools, compared to 77% of the force as a whole.

The average age for officers currently assigned to schools was 46.8 years old, compared to the average age of 42.4 years for the force as a whole.

Black officers accounted for 55% of SROs, compared to 21% of the force as a whole.

Hispanic officers accounted for 18.6% of SROs, compared to 25% of the force as a whole.

White officers accounted for 26% of SROs, compared to 50% of the force as a whole.

According to the terms of the expired IGA, CPD should twice annually provide CPS with documentation indicating which schools are assigned SROs, how many SROs are assigned to each school, and the names of the officers. However, according to CPS, CPD last provided a roster of officers in October of 2014. CPD should keep and maintain accurate records of SRO placements.

---

V. RECOMMENDATIONS

Partnerships between law enforcement agencies and school districts should be designed to ensure school safety and security, protect students’ civil rights, and minimize any unnecessary student involvement in the criminal justice system. In order to establish an effective and responsible SRO partnership with CPS that aligns with established best practices, CPD should do the following:

- Work with CPS, “juvenile justice entities, civil rights and community stakeholders” to draft and implement an MOU that “meets constitutional and statutory civil rights requirements.” The MOU should:
  - State the purpose of the SRO partnership;
  - Outline the roles and responsibilities of CPD, CPS, and schools;
  - Emphasize that SROs should not be involved in routine student disciplinary matters;
  - Define what information CPS and CPD will share;
  - Establish required initial and ongoing training for officers assigned as SROs; and
  - Establish performance evaluations aligned with SROs’ established roles and training that measure SROs’ ability to de-escalate situations and use alternatives to arresting students;

- Collaborate with CPS, students, families, and community stakeholders to create hiring guidelines for SROs;

- Create Department policies and procedures, aligned with best practices and the MOU, that address SRO recruitment, selection, placement, training, roles and responsibilities, and evaluation;

- Maintain and regularly update rosters of officers assigned to CPS; and

- Designate a program coordinator to enhance coordination and accountability

---

VI. CONCLUSION

To protect and serve students, it is vital that CPD make *immediate* changes to ensure the safe and productive engagement of SROs with students and their families. The Department must, in collaboration with CPS, develop a comprehensive SRO program that includes guidelines for SROs’ recruitment, selection, placement, training, roles and responsibilities, and evaluation. OIG recognizes CPD has stated that it is committed to reviewing and revising directives and policies to align with best practices and to address concerns noted by the community. These policy updates, along with future mandates within the upcoming consent decree, will support the Department’s efforts to build relationships with the communities it serves based on mutual trust and respect. PS invited CPD to respond in writing to this review.
VII. AGENCY RESPONSE

In response to OIG’s findings and recommendations, CPD identified the following steps they intend to take over the course of the next year:

- Undertake best efforts to enter into an MOU with CPS that clearly delineates authority and specifies procedures for CPD officer interaction with students while on school grounds;
- Develop a policy that defines SRO roles, responsibilities, and appropriate activities of SROs, which will include an express prohibition on the administration of school discipline by CPD officers and provisions for the collection, analysis, and use of data regarding CPD activities in schools;
- Develop and implement screening criteria to ensure SROs have the qualifications, skills, and abilities necessary to work safely and effectively with students, parents/guardians, and school personnel; and
- Ensure that all SROs receive initial specialized training and annual refresher trainings, and encourage SROs to exercise discretion to use alternatives to arrest and referral to juvenile court.

CPD did not address the following recommendations noted in the OIG report:

- Include a broad range of community stakeholders and CPS in the creation of the MOU;
- Create hiring guidelines and include a broad range of community stakeholders in the process;
- State the purpose of the SRO partnership with CPS in the MOU;
- Define information to be shared between CPD and CPS;
- Establish performance evaluations for SROs that align with developed roles and training that measure SROs ability to de-escalate and use alternatives to arresting students; and
- Maintain and regularly update rosters of SROs.

The Department’s letter responding to the findings in this report is included in Appendix F.
APPENDIX A: CPD GENERAL ORDER G04-01-02:
INVESTIGATIONS-CHICAGO PUBLIC SCHOOLS

I. PURPOSE
This directive provides guidelines for Department members conducting a preliminary or follow-up investigation in a Chicago Public School or adjacent Board of Education property, e.g., school grounds, playgrounds, etc., during the time periods when the school is in session.

II. GENERAL INFORMATION
A. The Board of Education has a policy of fully cooperating with law enforcement personnel conducting investigations within schools or adjacent Board of Education properties during hours while classes are in session.

B. School officials including a principal or his designee are responsible for:

POLICE NOTIFICATION GUIDELINES

School administrators contact the Chicago Police Department (CPD) in two situations: (1) to seek assistance with an emergency situation, or (2) to notify law enforcement of a criminal act.

Emergency

School administrators have the responsibility to call 9-1-1 in situations they determine to be emergencies.

In an emergency situation, administrators must make reasonable efforts to notify parents/guardians immediately after contacting CPD.

Criminal Acts

When a student engages in illegal activity, it may be necessary for school staff to report the act to CPD. In this situation, school officials contact CPD to report violations of the law. School officials must not contact CPD merely to request removal of a disruptive student from the school in a non-emergency situation.

In a non-emergency situation, administrators must make reasonable efforts to contact parents/guardians prior to contacting CPD.

The inappropriate behaviors that are clear violations of criminal law are identified in the next section with an asterisk (*) before the specific inappropriate behavior. The inappropriate behaviors that may be violations of criminal law are identified in the next section with a double asterisk (**) before the specific inappropriate behavior.

School officials must assess the situation before determining whether or not to contact CPD to report a criminal act. School officials should consider factors including:

- Whether the student distributed or was in possession of illegal drugs, narcotics, controlled substances, or “look-alikes” of such substances. If so, CPD must be notified.
- Whether the student was in possession of a firearm. If so, CPD must be notified.

* See Reference Guide for definition.
• The severity of the criminal violation and the degree of harm to the school community,

• Whether a person was physically injured as a result of the student’s conduct,

• Whether the student presents an imminent danger to the health, safety, or welfare of others, and

• The student’s age. For a student in fifth (5th) grade or below, school staff must consult with the Law Department (773/553-1700) prior to reporting the act to CPD.

Once school staff members contact CPD, the responding police officers ultimately will determine whether or not to investigate, arrest, and/or take any other steps in response. School principals and staff do not have the authority to decide whether a student will be arrested. Moreover, responding police officers do not have the authority to decide whether a student will receive interventions or consequences at school. The school principal will use the SCC to determine the appropriate intervention(s) and/or consequence(s) to address a student’s behavior.

APPENDIX C: CPD EMPLOYEE RESOURCE E05-01:
PERFORMANCE EVALUATIONS FOR ALL SWORN
DEPARTMENT MEMBERS BELOW THE RANK OF
SUPERINTENDENT

I. PURPOSE
This directive:
A. continues annual performance evaluations for sworn members below the rank of sergeant using the
   electronic Performance Evaluation System (PES).
B. introduces the:
   1. annual performance evaluations for all sworn supervisors below the rank of Superintendent.
C. discontinues the use of the:
   2. Performance Evaluation System (PES) for members the rank of captain.
D. satisfies CALEA Law Enforcement Standard for Chapter 35.

II. POLICY
A. The Department is committed to ensuring that evaluations of all full-time employees are conducted
   and documented annually. The purposes of performance evaluations are to:
   1. standardize the nature of the personnel decision-making process;
   2. assure the public that Department personnel are qualified to carry out their assigned duties;
   3. provide members with the necessary information to assist them in maintaining appropriate
      behaviors;
   4. eliminate inappropriate behaviors; and
   5. comply with Municipal Code of Chicago MCC 2-84-400, which requires the Chicago Police
      Department to rate all sworn members.
B. The assessment of a member’s job performance is an ongoing process and the annual performance
   evaluation is not the only time during the year that supervisors should discuss performance issues
   with department members.
C. Ongoing coaching and feedback provides supervisors with opportunities throughout the year to:
   1. refocus members’ efforts to enhance performance. Frequent feedback allows members to
      direct their attention to performance improvement needs and is intended to assist them in
      achieving higher levels of performance.
   2. communicate early to members any significant problems that exist and to provide advice and
      guidance to correct those problems.
D. Performance evaluations will be conducted annually and will be completed upon an Administrative Message Center (AMC) announcement by the Director, Human Resources Division, unless otherwise established by this directive.

E. The Director, Human Resources Division, will ensure that the performance evaluation dimensions are disseminated to all sworn Department members in the first quarter of the year.

F. Command personnel are responsible for the administration of performance evaluations for all sworn members under their supervision and will ensure that performance evaluations are administered fairly and that all members are evaluated impartially and under the same standards set by this directive.

G. Training will be provided to all supervisory members that will be responsible for evaluating Department members.

III. SWORN SUPERVISOR EVALUATIONS

A. Performance evaluations for all sworn supervisors will be documented on the Performance Evaluation—Sworn Supervisors form. Command staff/unit commanding officers will ensure that:

1. the top section of the form is completed for each sworn supervisor assigned to the unit and the form is distributed to evaluating supervisors.

2. all supervisors are evaluated by the next higher-ranking supervisor in their immediate chain of command.

3. a performance evaluation form for each sworn supervisor the rank of sergeant or above will be completed and:
   a. the original form will be sent to the Human Resources Division and retained for five years.
   b. a copy will be placed in the rated supervisor’s Unit Watch Personnel File.
   c. a copy will be given to the rated supervisor.
   d. the annual evaluation will be entered into the CLEAR Watch Application by the date indicated by the Director, Human Resources Division.

4. only sworn supervisors who have been under a supervisor’s command for at least thirty days prior to the announcement of the evaluation period are evaluated. Those who have worked for a commanding officer for less than thirty days will be evaluated by their previously assigned supervisor.

B. When applicable, the command staff/unit commanding officers will appoint teams of supervisors to evaluate their subordinates. Each team will operate under the direction of a higher-ranking supervisor.

C. When applicable, lieutenants will confer with other supervisory members within their unit when evaluating sergeants. The same principle applies to higher ranks.

D. A supervisor above the rank of the evaluated supervisor must sign the performance evaluation form. The command staff/unit commanding officers will ensure that the signatures of supervisory members are legible and in ink and that each supervisor has indicated his or her rank and staff/employee number. Signature stamps will not be used.

E. Supervisors will be evaluated in their assigned or detailed units if they were assigned to that unit for at least thirty days or more prior to the announcement of the evaluation period. If not, they will be evaluated by supervisors in the last unit of assignment or detail.

F. A supervisor will not be evaluated if he or she has been:

   1. on the medical roll for an illness or injury, on or off duty, for six consecutive months or more immediately preceding the announcement of the evaluation period.

   2. on a leave of absence for six or more consecutive months immediately preceding the announcement of the evaluation period.
NOTE: The top portion of Performance Evaluation—Sworn Supervisors will be completed, the appropriate box marked, and the form forwarded to the Human Resources Division along with the other evaluations.

IV. RESPONSIBILITIES IN EVALUATING SUPERVISORS
A. The evaluator will check the box indicating the evaluation category for each of the five performance dimensions on the evaluation form.
B. Each evaluator must make comments (in the comment section of the form) for each category. Remarks will be pertinent and as specific as possible.
C. The evaluator will sign his or her name and indicate rank, state employee number, and the date in the space designated on the performance evaluation form.
D. The evaluations will be reviewed, approved, and signed by the supervisor/exempt member in the evaluating supervisor’s immediate chain of command. The signature of all supervisors must be legible and include rank and state employee number.
E. Each evaluator must evaluate his or her subordinates under the same set of fair and impartial standards as set by this directive.
F. In evaluating supervisory personnel, the evaluator must not only consider the supervisor’s performance, but also, when applicable, how well the supervisor motivates subordinates to perform. Willingness to take initiative, accept responsibility, and exercise discipline must all be considered when assessing performance.
G. A supervisor’s evaluation should not fluctuate greatly from period to period without sufficient cause.
H. The evaluator must consider recognition received by the member such as Honorable Mentions, Department Commendations, or other awards. Likewise, a suspension or any type of disciplinary action or misconduct during the evaluation period must be addressed in the evaluation.
I. With reference to “Dependability, Attendance, and Promptness,” absences for medical reasons must be carefully evaluated before assigning an evaluation. The reasons, duration, and number of medical incidents are factors to be considered. A long-term absence due to injury or illness should not be viewed the same as multiple absences of short duration. Members absent because of injury on duty will not be penalized.
J. In units where several supervisors have supervised the same member, they may confer with each other in evaluating the member.
K. The evaluator will determine the overall performance evaluation category based on the evaluations received for each of the five performance dimensions and in accordance with the chart in Section VI-C of this directive.

1. the result of the performance evaluation just completed;
2. the level of performance expected;
3. evaluation criteria or goals for the new reporting period; and
4. career suggestions relative to such topics as advancement, specialization, or training appropriate for the member’s position. The evaluating supervisor will facilitate a member’s career choices, comprehension of career goals, and achievement of career goals through meaningful and well-informed choices.
B. The evaluator will prepare a To/From Subject Report to his or her immediate supervisor requesting that a Performance Improvement Plan (PIP) — Sworn Supervisors (CPD 52.355) be prepared for any member who receives a rating for any performance dimensions in the “Requires Improvement” or “Unacceptable” category. If a Performance Improvement Plan (PIP) — Sworn Supervisor is approved, the evaluator will prepare the PIP and submit it to his or her immediate supervisor who will ensure that the PIP is reviewed during the next performance evaluation and that a copy is placed in the rated supervisor’s Unit Watch Personnel File.

C. Command staff/unit commanding officers will ensure that after the evaluator and approving supervisor have signed the performance evaluation form, (and the PIP if applicable), the evaluator discusses the evaluation with the evaluated supervisor and informs him or her of the right to request a review of the evaluation.

NOTE: Command staff/unit commanding officer will ensure that any completed Performance Improvement Plan (PIP) - Sworn Supervisor are reviewed quarterly and that the recommendations for improvements are implemented.

D. The evaluated supervisor will sign and date the performance evaluation form in the space provided to indicate that he or she has reviewed the evaluation. A comments space is provided on the evaluation form for any comments the evaluated supervisor elects to include.

E. If a supervisor refuses to sign and date the performance evaluation form, the evaluator will indicate this action in the comments section by printing the words “Refused to Sign,” followed by the evaluator’s name and the date. All unsigned performance evaluation forms will be reviewed by the unit commanding officer, the district commander, or, when applicable, the next-level exempt member in a reviewed supervisor’s chain of command, who will:

1. Interview the supervisor regarding the refusal and inform him or her of the appeal process, consistent with Item VIII of this directive.
2. Affix his or her signature and the date of the interview on the back of the performance evaluation form, should the supervisor continue to refuse to sign the performance evaluation form.

F. Once the evaluation has been approved and signed by the supervisor/exempt member in the evaluator’s chain of command, the evaluator will sign and date the performance evaluation form acknowledging that he or she has reviewed the evaluation with the evaluated member.

VIII. APPEAL PROCESS FOR SUPERVISORS

A. A supervisor may request a review of the performance evaluation within seven calendar days of the date the supervisor signed, or refused to sign, the performance evaluation form by submitting a To/From Subject report to the commanding officer of the unit assigned. If the commanding officer is the evaluator, the request will go to the next-level exempt member in the chain of command.

1. The exempt member/unit commanding officer will review all unsigned performance evaluation forms to determine if there is a request for review (member’s report) on file.
2. If a performance evaluation form is unsigned and the supervisor has failed to request a review of the performance evaluation, the exempt member/unit commanding officer will interview the member to ensure that the member has had every opportunity to avail him or herself of the appeal process.

B. In response to a request for a review of an evaluation, the Department member hearing the review may interview or require written reports from any individual deemed appropriate. The decision of the reviewing member will be final and will be documented in writing. A copy of the reviewing member’s report will be given to the member and another will be placed in the Unit Watch Personnel File. The original will be sent to the Human Resources Division and retained for five years.

C. If a performance evaluation is changed for any reason, the member hearing the appeal will ensure that a new performance evaluation form is prepared, signed, and dated by all parties. The new form will be completed and numbered “2 of 2” in the upper right-hand corner. The original form will be
numbered “1” or “2,” marked “VOID,” and attached by paper clip to the new form. Both forms will be sent to the Human Resources Division and will be retained for five years. One copy will be kept in the Unit Watch Personnel file and one given to the evaluated supervisor whose evaluation was changed. The evaluated supervisor has the right to request a review of his or her changed evaluation.

IX. PERFORMANCE EVALUATION SYSTEM (PES) FOR MEMBERS BELOW THE RANK OF SERGEANT

Joseph M. Ferguson
Inspector General
City of Chicago
Office of Inspector General
740 North Sedgwick Street, Suite 200
Chicago, Illinois 60654

Dear Inspector General Ferguson:

Maintaining and promoting the safety and security of children, teachers, and other staff of Chicago Public Schools (“CPS”) is of great importance to the Chicago Police Department (“CPD” or “Department”). CPD has demonstrated an on-going commitment to those efforts by deploying copious resources and providing police officers to designated schools to enhance safety and deter crime. It is in this light, that CPD expresses its appreciation to the OIG for providing their evaluation of the Department’s School Resource Officer (“SRO”) program. We thank you for your patience while we reviewed the report. We have taken your concerns seriously, and deeply value your recommendations.

As you know, CPD is presently engaged in the latter stages of negotiations that will lead to a consent decree with the Illinois Attorney General’s Office. This serious undertaking will align our operational functions with best practices and constitutional policing. To achieve those goals, the draft consent decree will require that CPD reform its SRO program by formally adopting a comprehensive doctrine of policies that reflect national best practices for school resource officer programs. After reviewing the OIG’s report, CPD is pleased to find that the revisions to our current policies by the draft consent decree relating to the SRO program will mirror the OIG’s recommendations. We provide our new practices and specific responses to your recommendations in greater detail below.

Recommendation #1: CPD draft and implement a Memorandum of Understanding (MOU) in collaboration with CPS and community stakeholders that establishes a comprehensive program, and that outlines the roles and responsibilities of CPD.

Department Response: The Department agrees with this recommendation. Pursuant to the draft consent decree, the Department will before the 2019-2020 school year begins, undertake best efforts to enter into a memorandum of understanding with CPS, that clearly delineates authority and specifies...
procedures for CPD officer interaction with students while on school grounds, consistent with the law, best practices, and this Agreement.

**Recommendation #2:** CPD should formally outline the SRO’s roles and responsibilities, which shall contain an explicit prohibition of SROs from intervening in routine student disciplinary matters.

**Department Response:** The Department agrees with this recommendation. Before the 2019-2020 school year begins, in consultation with CPS, CPD will develop a policy that clearly defines the roles, responsibilities, and appropriate actions of SROs, and which will include an express prohibition on the administration of school discipline by CPD officers. The policy will reflect best practices and will contain the collection, analysis, and use of data regarding CPD activities in CPS schools.

**Recommendation #3:** CPD have formal SRO recruitment, selection, and placement process and standards. Create hiring guidelines that focus on officers’ qualifications for working with young people in a school environment.

**Department Response:** The Department concurs with this recommendation. The consent decree will require that before the 2019-2020 school year begins, in consultation with CPS, CPD will develop and implement screening criteria to ensure that all officers assigned to work in CPS schools have the qualifications, skills, and abilities necessary to work safely and effectively with students, parents, guardians, and school personnel. Only CPD officers who satisfy the screening criteria will be assigned to work in CPS schools.

**Recommendation #4:** CPD should establish policies requiring school-specific training for officers before they begin working as SROs, as well as regular refresher trainings. These trainings should emphasize alternatives to arresting students as well as topics such as, constitutional and civil rights, childhood and adolescent development, age-appropriate response to student conduct, disability and special education issues, conflict resolution, and de-escalation techniques, restorative justice techniques, and interacting with specific student groups such as those with limited English proficiency or who are lesbian, gay, bisexual, or transgender.

**Department Response:** The Department concurs with this recommendation. As such, under the draft consent decree, CPD has already committed to ensuring that all officers assigned to work in CPS schools will receive specialized initial and annual refresher training that is adequate in quality, quantity, scope, and type, and that addresses subjects including, but not limited to: (1) school-based legal topics, (2) cultural competency, (3) problem-solving, (4) de-escalation, (5) use of restorative approaches, (6) disability issues, (7) childhood and adolescent development, (8) crisis interventions, and (9) methods and strategies that create positive interactions with specific student groups such as those who are LGBTQIA individuals, a person of color, have limited English proficiency, or who are experiencing homelessness.

Additionally, when interacting with youth, CPD will encourage officers to exercise discretion to use alternatives to arrest and alternatives to referral to juvenile court, including, but not limited to: issuing warnings, and providing guidance; referral to community services and resources such as mental health,
drug treatment, mentoring, and counseling organizations, educational services and other agencies; station adjustments; and civil citations.

**Recommendation #5:** CPD should designate a program coordinator to enhance coordination and accountability.

**Department Response:** At the present time, the SRO program functions under the Bureau of Patrol. The Department will give careful consideration to this recommendation for a program coordinator for the SRO program moving forward.

The new practices CPD will put in place to meet the terms of the forthcoming consent decree track very closely with the OIG’s recommendations. In fact, nearly all of the OIG’s recommendations are incorporated into the terms of the draft consent decree.

The Chicago Police Department is certain that it will deliver on creating a strong SRO program rooted in partnership between CPD and CPS, that meets national best practices standards, and protects students’ civil rights. Nonetheless, the Department welcomes the opportunity to discuss with you any of the OIG’s recommendations that you do not believe we have addressed by this letter or by the draft consent decree.

Sincerely,

Eddie T. Johnson
Superintendent of Police
