## I | Mission of the Office of Inspector General

The mission of OIG is to promote economy, effectiveness, efficiency, and integrity in the administration of programs and operation of City government.<sup>1</sup> OIG accomplishes its mission through investigations of allegations of misconduct, performance audits, data analysis and visualization, and other inquiries.

When OIG investigates and sustains allegations of misconduct, it issues summary reports of investigations to the appropriate authority, City management officials, and/or the Mayor's Office, with investigative findings and recommendations for corrective action and discipline. Narrative summaries of sustained administrative investigations, i.e., those typically involving violations of the City's Personnel Rules, Debarment Rules, and Ethics Ordinance—and the resulting department or agency actions—are released in quarterly reports. OIG's investigations resulting in criminal sanctions or civil recovery actions are summarized in quarterly reports following public action (e.g., indictment) and updated in ensuing quarterly reports as court developments warrant.

OIG's performance audits, programmatic inquiries, and advisories are directed to the appropriate agency for comment and response and are then [published on the OIG website](#). From time to time, OIG also issues notifications to a City department for attention and comment; those notifications are summarized, along with any response, in the ensuing quarterly report.

OIG's data analysis and visualization work is available on its [Information Portal](#).

Finally, OIG issues reports as required by the City's Hiring Plan and as otherwise necessary to carry out its functions in overseeing hiring and promotion processes across the City.

<sup>1</sup> "City government" includes the City of Chicago and any sister agency which enters into an Intergovernmental Agreement with the City for the provision of oversight services by OIG.
